

PARTNERS IN PROSPERITY
Enriching people and planet

Capability Statement

About Us:

We are value driven enablers who specialise in system level approaches to analyse complexities, develop solutions and help implement the same towards achieving equitable economic and social development outcomes, in pursuing Sustainable Development Goals. Established in 1998, Partners in Prosperity (PnP) is registered as non-profit entity, under the Societies Registration Act of 1860, Delhi. PnP is authorised to receive foreign contribution and exempted from Income Tax under Section 12A and 80G.

Our Vision:

A healthy and prosperous planet, and people (HP3).

Mission:

To sustainably alleviate poverty, build healthy environment and secure livelihoods for all, in partnership with governments, communities, enterprises and other institutions.

We function from our central office located in New Delhi and camp offices in Hyderabad, Telangana; Vishakhapatnam, Andhra Pradesh; and Nainital, Uttarakhand. PnP is geographically agnostic in consulting and capacity building initiatives, whereas with regard to project implementation, we have selective geographical focus areas (shaded areas in the map), where we have an excellent community outreach.

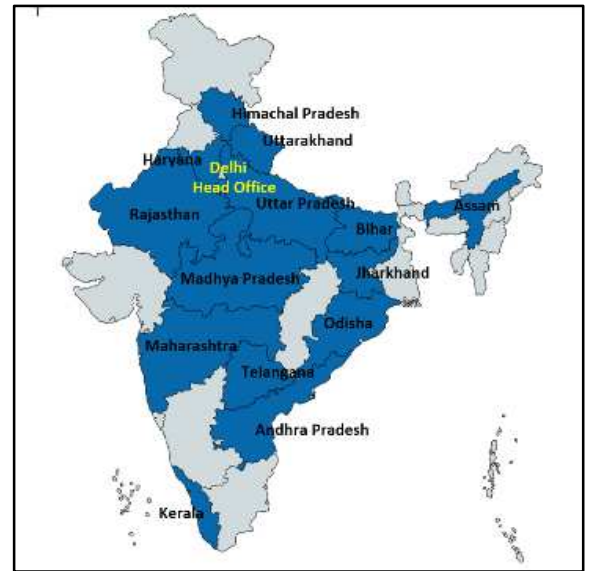

Figure 1: Our Presence

Our Team:

The PnP team comprises of 36 management and technical specialists with multifarious experience in results-based management, value chain and market-based interventions, gender equality, climate change adaptation, natural resources management, forestry, climate resilient agriculture and microfinance. PnP is governed by a board of twelve accomplished members, drawn from diverse areas of expertise.

We have Credibility Alliance accreditation and are part of diverse networks such as Value Chain Network, Nutrition Coalition, and Sustainable Rice Platform.

Why Choose PnP?

As an impact driven firm, PnP is innovative and multidisciplinary in its approach. We not only offer a wealth of skills, knowledge, expertise and experience in the area of climate change and value chain, we are also seasoned practitioners working in diverse sub-sectors of climate resilient development, in productive partnership with stakeholders at different levels, in several countries and regions. The factors which differentiate us from other players in the larger development sector include:

- Global reach with close international networks in West Europe, notably in Switzerland
- We operate at different levels (Policy, Practice, Science, Knowledge, System, Technology)
- We provide forward market linkages to farmers in national and international markets
- We possess the strategic orientation of a social enterprise
- We help leverage resources and mitigate risks
- Merger of Swiss supported Indian organisation with PnP in 2019, creating excellent synergies and complementarities

Services we offer:

We offer following solutions to the governments, donors, humanitarian organisations and corporate investors. We help create innovative business models and financial structures, towards inclusive market systems. We also specialize in building management and technical capacities of development professionals as well as organisational/institutional development.

- Strategic review and support for programme conceptualisation, design and planning
- Project and portfolio management, implementation, monitoring and evaluation
- Consulting Services and Thematic assessments
- Policy analysis, Action Research and Knowledge management
